**HIGHWAY PROGRAM SUMMARY  
ILLINOIS DEPARTMENT OF TRANSPORTATION  
DISTRICT 4, PEORIA**

**Overview**

Highway District 4 encompasses nine counties in west central Illinois and includes the cities of Peoria, Canton, Chillicothe, Galesburg, Macomb, Monmouth and Pekin, plus many smaller communities which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 4 consists of 1,410 miles of highways and 597 bridges, supporting 8.4 million vehicle miles of travel daily.

**State Program**

The program for state and local highways will average \$1.525 billion annually for the FY 2006-2011 period. Approximately \$484 million will be provided during FY 2006-2011 for improvements to state highways in District 4. The following table summarizes anticipated accomplishments on the state highway system in District 4 during this time frame.

**FY 2006-2011 Accomplishments**

<u>System Maintenance</u>	
Interstate (miles)	34
Non-Interstate (miles)	462
Safety Locations (number)	98
<u>Bridge Maintenance</u>	
Interstate (number)	13
Non-Interstate (number)	69
New Bridges (number)	15
<u>Congestion Mitigation</u>	
Roads (miles)	7
Traffic Improvements (miles)	21
<u>System Expansion</u>	
Roads (miles)	11
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2006-2011 time frame include:

- **Interstate 74 from Sterling Avenue in Peoria to Washington Street in East Peoria.** Interstate 74 through Peoria was constructed in the late 1950s to early 1960s and does not meet current interstate standards. Reconstruction and modernization of 8.3 miles are estimated to cost \$481.9 million, the largest downstate interstate modernization project ever undertaken by Illinois. Approximately \$390.7 million of work has been completed or is under way. An additional \$8.5 million of work remains in the FY 2005 program. Projects to finish the reconstruction and modernization are programmed during FY 2006-2011 at a cost of \$82.7 million. Of this total, reconstruction of 3.2 miles, bridge rehabilitation and construction engineering are programmed in FY 2006 at a cost of \$81.4 million.
- **Interstate 474 from US 150 to Illinois 8.** Resurfacing on 3.4 miles is programmed during FY 2007-2011 at a cost of \$4.6 million.
- **US 24 at the Spoon River.** Bridge replacement is programmed in FY 2006 at a cost of \$12.6 million.

- **US 67 from US 136 to Illinois 101.** Archaeological survey, engineering for contract plans for the US 67 interchange at US 136/Illinois 336 and 7.4 miles of a new four-lane highway from north of Industry to Illinois 101 are programmed during FY 2006-2011 at a cost of \$3.1 million. Of this total, archaeological survey is programmed in FY 2006 at a cost of \$100,000. Construction is not currently funded.
- **US 136/Illinois 336 - Quincy to Macomb Corridor.** A new four-lane highway for 21.3 miles from US 24 near Quincy to 3 miles south of Carthage and 1.2 miles from County Highway 18 to Deere Road west of Macomb is open to traffic. The construction to provide 5 miles of four lanes and an interchange from 3 miles south of Carthage to 2 miles east of Carthage and the construction to provide 1.1 miles of five lanes from US 136 east of Township Road 266 to County Highway 18 are under way. The work to finish the remaining 20.3 miles of four-lane highway from 2 miles east of Carthage to US 136 east of Township Road 266 is fully funded. Continuation of engineering, archaeological survey, land acquisition, utility adjustments and construction from 2 miles east of Carthage to US 136 east of Township Road 226 west of Macomb are programmed during FY 2006-2011 at a cost of \$115.6 million. Of this total, continuation of engineering, archaeological survey, land acquisition, utility adjustments and grading are programmed in FY 2006 at a cost of \$15.1 million.

(Also see District 6 projects under US 136/Illinois 336)

- **Illinois 8 from Rosedale Road to Briargate Street in East Peoria.** Construction of additional lanes, resurfacing on 2.4 miles, intersection improvements, turning lanes and associated work are programmed during FY 2007-2011 at a cost of \$13.2 million.
- **Illinois 29 from Spring Street to Spitznagle Avenue in Peoria.** Reconstruction for 1 mile and associated work are programmed during FY 2007-2011 at a cost of \$10.5 million.
- **Illinois 40 from Cedar Hills Drive to Illinois 6 in Peoria.** Construction of additional lanes, intersection improvement, resurfacing on 2.6 miles and associated work are programmed during FY 2006-2011 at a cost of \$18.7 million. Of this total, utility adjustments and land acquisition are programmed in FY 2006 at a cost of \$1.1 million.
- **Macomb to Peoria Corridor Study (Illinois 336).** Engineering for location, design and environmental studies began in fall 2002. The continuation of this engineering is programmed during FY 2007-2011 at a cost of \$3.3 million. Of this total, \$750,000 is programmed in FY 2006.
